Summary

Systems-thinking UI/UX Designer with over 6 years of experience in product design and brand identity, specializing in pixel-perfect SaaS solutions for US-based markets. Leverages a robust background in Electrical Engineering and an MBA in Project Management to effectively navigate technical constraints, manage complex project lifecycles, and drive high-efficiency Agile workflows. Proven expert in architecting end-to-end user journeys, from deep user research and competitive analysis to high-fidelity prototyping and the maintenance of scalable design systems.
